Preamble - The Spirit Of Cricket

Cricket is a game that owes much of its unique appeal to the fact that it should be played not only within its Laws but also within the Spirit of the Game. Any action which is seen to abuse this spirit causes injury to the game itself. The major responsibility for ensuring the spirit of fair play rests with the captains.

1. There are two Laws which place the responsibility for the team's conduct firmly on the captain.

Responsibility of captains

The captains are responsible at all times for ensuring that play is conducted within the Spirit of the Game as well as within the Laws.

Player's conduct

In the event of a player failing to comply with instructions by an umpire, or criticising by word or action the decisions of an umpire, or showing dissent, or generally behaving in a manner which might bring the game into disrepute, the umpire concerned shall in the first place report the matter to the other umpire and to the player's captain, and instruct the latter to take action.

2. Fair and unfair play

According to the Laws the umpires are the sole judges of fair and unfair play.

The umpires may intervene at any time and it is the responsibility of the captain to take action where required.

3. The umpires are authorised to intervene in cases of:

- Time wasting
- Damaging the pitch
- Dangerous and unfair bowling
- Tampering with the ball
- Any other action that they consider to be unfair

4. The Spirit of the Game involves RESPECT for:

- Your opponents
- Your own captain and team
- The role of the umpires
- The game's traditional values

5. It is against the Spirit of the Game:

- To dispute an umpire's decision by word, action or gesture
- To direct abusive language towards an opponent or umpire
- To indulge in cheating or any sharp practice, for instance;
 - a) to appeal knowing that the batsman is not out
 - b) to advance towards an umpire in an aggressive manner when appealing.
 - c) to seek to distract an opponent either verbally or by harassment with persistent clapping or unnecessary noise under the guise of enthusiasm and motivation of one's own side.

6. Violence

There is no place for any act of violence on the field of play.

7. Players

Captains and umpires together set the tone for the conduct of a cricket match. Every player is expected to make an important contribution to this.

A. Engages in disorderly or improper conduct or behaviour such as to bring the Association or the Game into disrepute.

B. Breaches any of the rules governed by any of as in 1 above or directly breaches the code of conduct, shall be judged by a disciplinary committee and if found guilty shall be sentenced in accordance with the following guidelines of Offences and Penalties.

C. Engages in consumption of alcohol on or in the park boundaries during the hire time of the relevant grounds, prior to a match being completed or stumps have been drawn at the end of each day's play.

Furthermore:

Any person/s, player, team, club, affiliated body, official and/or member bound by the FLCA handbook will be held responsible for any action taken by Council in regards to contravening local government (council) rules during the hire time of grounds and will be dealt with by the relevant committee.

Note 1: Any person reporting that person who has breached the code of conduct as in the offences listed below should do so in an unbiased and truthful reporting.

Note 2: No replacement player or substitute is allowed for any person who has been suspended, or disqualified by the committee during the course of a match.

Note 3: Any player admitting guilt may receive the minimum sentence at the discretion of the committee. Any person or persons found guilty beyond any reasonable doubt shall have no right of appeal **other than** that of severity of sentence or on the production of new evidence.

Note 4: Suspended sentences are regarded as ineffective by a wide range of the players, officials and community in general, therefore being abolished in favour of the direct penalties as hereunder in the offences and penalties.

Note 5: Any person acting in the capacity of an umpire will be deemed an official umpire.

Note 6: If a person or persons is found guilty of an offence and suspended, then that person or persons will be barred from attending any FLCA match until that suspension is completed.

Extraordinary matches such as Representative, Grade, Shires etc. are not counted towards suspended matches served and cannot be participated in whilst on suspension. The exception to this ruling is where any suspension is resultant from such a match and the suspended player has every reason to believe they would have been selected for the remainder of that competition. Suspensions from FLCA include all onfield and off field activities of FLCA. All Suspensions must be served in the competition which they were incurred. The Judiciary committee will be a 3 person Panel and shall consist of 3 members from Executive Committee. Players should be aware that Zero Tolerance to misconduct or behaviour referred to in the Code of Conduct will be exercised in FLCA. If ground or weather conditions cause a loss of time **after the innings of the team batting first or during** the Team Batting second's Innings, the team batting Second must receive 25 overs to constitute a match otherwise it's deemed a draw - unless a result is achieved beforehand.
- (I) If the team batting second does not receive its quota of overs for any reason, the match will be determined by countback. For the purpose of a countback there must be a minimum of 25 overs faced by both teams otherwise it is deemed a draw. Once 25 overs have been completed, the Scores are counted back from both scorebooks at the over where the match finished. The Team with the greater amount in the countback of runs and overs is the winner.
- (j) If the innings of each team has been completed and or a result obtained, stumps may be drawn as the match is deemed over.
- (K) It is not mandatory for either team to bat its full quota of overs if a declaration is desired, provided that if the team batting first does not wish to bat for its full quota of overs, the team batting second shall still be entitled to bat for its full quota of overs.

SENIOR ONE DAY GAMES - continued

(L) A maximum of 14 registered players may be recorded on the Team sheet prior to the toss for the commencement of the game. Only the players whose name appears on the team sheet are eligible to bat or bowl during the game.

(M) **Bonus Points: Where matches are being played with Bonus Points**
In order for the team batting first to gain one bonus point, it must achieve victory with a run rate one and two thirds times that of the opposition. In order for the team batting second to gain one bonus point, victory must be achieved by the end of the 24th over (or in a reduced overs match, it must bat for no more than 60% of its maximum number of overs).

An easy calculation for one and two thirds that of the opposition: Example Team A bats first and scores 150. For the team bowling 2nd they take their 150 scored with the bat and multiply it by 0.60 which equals 90. They must restrict the team batting 2nd to 90. 91 or more runs means no bonus point. The key stat is multiplying x 0.60.

Any eleven of the Fourteen Players declared on the Team Sheet are eligible to bat. All fourteen are eligible to bowl or wicket keep.

Players listed on a team sheet and having no part in the match are not permitted to be entered into online results.

For the purpose of this rule only, washout games, where a ball is not bowled, do not qualify as a competition match. However, forfeit wins may qualify as a competition match, providing the player's name was listed as part of the team on the result sheet. The only valid proof of these 1/3 of the games will be the online record submission of the FLCA PlayHQ website.

FLCA JUNIORS

Preamble - The Spirit Of Cricket

Cricket is a game that owes much of its unique appeal to the fact that it should be played not only within its Laws but also within the Spirit of the Game. Any action which is seen to abuse this spirit causes injury to the game itself. The major responsibility for ensuring the spirit of fair play rests with the captains.

1. There are two Laws which place the responsibility for the team's conduct firmly on the captain.

Responsibility of captains

The captains are responsible at all times for ensuring that play is conducted within the Spirit of the Game as well as within the Laws.

Player's conduct

In the event of a player failing to comply with instructions by an umpire, or criticising by word or action the decisions of an umpire, or showing dissent, or generally behaving in a manner which might bring the game into disrepute, the umpire concerned shall in the first place report the matter to the other umpire and to the player's captain, and instruct the latter to take action.

2. Fair and unfair play

According to the Laws the umpires are the sole judges of fair and unfair play.

The umpires may intervene at any time and it is the responsibility of the captain to take action where required.

3. The umpires are authorised to intervene in cases of:

- Time wasting
- Damaging the pitch
- Dangerous and unfair bowling
- Tampering with the ball
- Any other action that they consider to be unfair

4. The Spirit of the Game involves RESPECT for:

- Your opponents
- Your own captain and team
- The role of the umpires
- The game's traditional values

5. It is against the Spirit of the Game:

- To dispute an umpire's decision by word, action or gesture
- To direct abusive language towards an opponent or umpire
- To indulge in cheating or any sharp practice, for instance;
 - a) to appeal knowing that the batsman is not out
 - b) to advance towards an umpire in an aggressive manner when appealing.
 - c) to seek to distract an opponent either verbally or by harassment with persistent clapping or unnecessary noise under the guise of enthusiasm and motivation of one's own side.

6. Violence

There is no place for any act of violence on the field of play.

7. Players

Captains and umpires together set the tone for the conduct of a cricket match. Every player is expected to make an important contribution to this.

Note 6: If a person or persons is found guilty of an offence and suspended, then that person or persons will be barred from attending any FLCA match until that suspension is completed.

If this suspension is not adhered to or ignored and the person or persons in question turns up to an FLCA match then his or her team will lose their points from that game & any subsequent game that he or she attends whilst under suspension. If a parent/guardian/family member of a junior player is suspended this same penalty occurs and the player's team will lose any points whilst the suspended relative attends the game.

Note 7: If the FLCA Secretary receives a Code of Conduct and it complies with correct procedure as per the Constitution, the FLCA Secretary may offer whoever it concerns a plea deal. This may either be accepted or rejected in which case a judiciary would then decide.

Offences And Penalties

All suspensions issued and served will be under FLCA scheduled matches and will not include washout matches or forfeits made by the suspended person's Club/Team. Extraordinary matches such as Representative, Grade, Shires etc. are not counted towards suspended matches served and cannot be participated in whilst on suspension. The exception to this ruling is where any suspension is resultant from such a match and the suspended player has every reason to believe they would have been selected for the remainder of that competition. Suspensions from FLCA include all onfield and off field activities of FLCA. All Suspensions must be served in the competition which they were incurred. The Judiciary committee will be a 3 person Panel and shall consist of 3 members from Executive Committee. Players should be aware that Zero Tolerance to misconduct or behaviour referred to in the Code of Conduct will be exercised in FLCA. This means that players will be reported for Breaches of The Code of Conduct without any warning being given and if found guilty of an offence will be suspended and the player's team penalised 5 competition points.

The maximum number of overs that any one bowler is allowed to bowl is 4 overs.

10 Minute Change of Innings

Under 10-11-No player is allowed a 2nd over until all players have bowled at least one each.

*Exception to this is when a team wishes to facilitate a wicket keeper change and, in this case, common sense applies, and someone may need to bowl a 2nd over before the wicket keeper has bowled.

1. If both teams have batted 20 overs & the scores are tied, the winner will be decided by a super over.

In the Super Over, the team which had just batted second will bat first in the super over.

There is no limit on wickets in Super Over.

The team with the highest amount of runs in the Super Over wins the match.

If the Super Over is tied, there will be another super over.

Time lost due to conditions: Every 4 minutes lost constitutes one over lost.

2. Minimum 10 overs for each team will constitute a match and both teams must have the opportunity to face these overs.

If conditions prevent either side from facing 20 overs, the winner will be decided on Run rate provided both teams have faced a minimum 10 overs.

If the Run rate is equal, the winner is the team with the least number of wickets lost.

3. If a match is played to reduced overs and the scores are tied at the end of these reduced overs a Super Over as per above will be played to obtain a result.

Bonus Points: Where matches are being played with Bonus Points

In order for the team batting first to gain one bonus point, it must achieve victory with a run rate one and two thirds times that of the opposition. In order for the team batting second to gain one bonus point, victory must be achieved by the end of the 24th over (or in a reduced overs match, it must bat for no more than 60% of its maximum number of overs).

An easy calculation for one and 2 thirds that of the opposition:

Example Team A bats first and scores 150. For the team bowling 2nd they take their 150 scored with the bat and multiply it by 0.60 which equals 90. They must restrict the team batting 2nd to 90. 91 or more runs means no bonus point. The key stat is multiplying x 0.60.

THIS CHART IS FOR TEAMS BATTING 2nd AND THE OVER THEY NEED TO SCORE THE WINNING RUNS BY FOR A BONUS POINT
